**TARIFF FORMAT**

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between Sheet Nos. 14 and 15 would be Sheet No. 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Department. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Department follows in its tariff approval process, the most current sheet number on file with the Department is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** – There are nine levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
  - 2.1.
  - 2.1.1
  - 2.1.1.A.
  - 2.1.1.A.1.
  - 2.1.1.A.1.(a).
  - 2.1.1.A.1.(a).I.
  - 2.1.1.A.1.(a).I.(i).
  - 2.1.1.A.1.(a).I.(i).(1).
- D. **Check Sheets** - When a tariff filing is made with the Department, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff with a cross-reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (\*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some Sheets). The tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Department.

**APPLICATION OF TARIFF**

- A. This Tariff schedule sets forth the Service offerings, rates, terms and conditions applicable to the furnishing of intrastate telecommunications Services offered by Granite Telecommunications, LLC to Customers located within the State of Connecticut.
- B. The rates and regulations contained in this Tariff apply only to the intrastate telecommunications Services furnished by Company and do not apply, unless otherwise specified, to the lines, facilities, or the services provided by a Local Exchange Carrier or other common Carrier for use in accessing the Services of Company. This Tariff does not cover any information service or other unregulated service offered by Company. Company will offer any information or other unregulated service in accordance with Company's current price list or contract, whichever applies to the particular customer.
- C. Company may not be deemed to have waived or impaired any right, power, requirement or option reserved by this Tariff (including, but not limited to, the right to demand exact compliance with every term and condition herein), by virtue of any custom or practice of Company at variance with the terms hereof, or any failure, refusal or neglect of Company to exercise any right under this Tariff or to insist upon exact compliance with its terms, or any waiver, forbearance, delay, failure or omission by Company to exercise any right, power or option hereunder.
- D. The rates, rules, terms and conditions contained herein are subject to change pursuant to the rules and regulations of the Department.
- E. This Tariff will be maintained and made available for inspection by any Customer at Granite Telecommunications, LLC's principal business office at 100 Newport Avenue Extension, Quincy, Massachusetts 02171.
