

VOICE | DATA | MANAGED SOLUTIONS | NETWORK INTEGRATION | SECURITY | GRANITE GRID

Fact Sheet

About Granite:

Granite* is the leading communications services provider to multi-location businesses and governmental entities. We provide one-stop-solutions for voice, data, Internet, wireless, video and secure network options throughout the U.S. and Canada, including to more than 85 of the Fortune 100 companies.

Granite understands that no two businesses are run the same way, and will create a flexible communications solution tailored to each customer's needs today and in the future. Granite's scalability allows your business to grow with imminent demand.

Concierge Customer Support:

Granite provides the highest level of customer support in the industry, including teams of expert support personnel who are dedicated to your accounts. That team of experts offers recommendations on changes to make your services more efficient. Granite's support teams are available 24/7/365. Unlike other carriers, you will always speak with a live Granite representative who will always be available to you.

Granite's Community Involvement:

One of the company's core objectives is supporting and improving the communities in which Granite's customers and team members live and work, generously giving to hundreds of worthy causes within local communities. Over the past decade, Granite and its employees have given more than \$40 million and over 5,500 volunteer hours to area charities. Some organizations Granite has helped are: hospitals, shelters, food kitchens, YMCAs, veterans support centers, and rescue leagues.
