- (I) To signify a change resulting in an **increase** to a Customer's bill.
- (M) To signify that material has been **moved from** another tariff location.
- (N) To signify a **new** rate, regulation condition or Page.

TARIFF FORMAT

- A. **Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, occasionally, when a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between Sheet Nos. 14 and 15 would be Sheet No. 14.1.
- B. **Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the Commission. For example, the 4th revised Sheet 14 cancels the 3rd Revised Sheet 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current sheet number on file with the Commission is not always the sheet in effect. Consult the Check Sheet for the sheet currently in effect.
- C. **Paragraph Numbering Sequence** – There are nine levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. **Check Sheets** - When a tariff filing is made with the Commission, an updated Check Sheet accompanies the tariff filing. The Check Sheet lists the sheets contained in the tariff with a cross-reference to the current revision number. When new sheets are added, the Check Sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this sheet if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some Sheets). The tariff user should refer to the latest Check Sheet to find if a particular sheet is the most current on file with the Commission.

APPLICATION OF TARIFF

- A. This Tariff schedule sets forth the Service offerings, rates, terms and conditions applicable to the furnishing of intrastate telecommunications Services offered by Granite Telecommunications, LLC to Customers located within the State of Indiana.

Company will offer any information or other unregulated service in accordance with Company's current price list or contract, whichever applies to the particular customer.
- C. Company may not be deemed to have waived or impaired any right, power, requirement or option reserved by this Tariff (including, but not limited to, the right to demand exact compliance with every term and condition herein), by virtue of any custom or practice of Company at variance with the terms hereof, or any failure, refusal or neglect of Company to exercise any right under this Tariff or to insist upon exact compliance with its terms, or any waiver, forbearance, delay, failure or omission by Company to exercise any right, power or option hereunder.

- 2.6.4. Company will use reasonable efforts to maintain the Service that it furnishes to the Customer. Company may make such tests, adjustments and inspections as may be necessary to maintain Company's Services and equipment in satisfactory operating condition. When possible, Company may, in its sole discretion, provide the Customer with reasonable notice of Service-affecting activities that may occur in the normal operation of Company business.
- 2.6.5. Company may, upon reasonable notice, make such tests and inspections as may be necessary to determine whether the terms and conditions of this Tariff are being complied with in the installation, operation or maintenance of the Customer's or Company's facilities or equipment. If the protective requirements of Customer-provided equipment are not being complied with, Company may take such action as it deems necessary to protect its Services, equipment and personnel. Company will notify the Customer promptly if there is any need for further corrective action. Within ten (10) days of receiving this notice, the Customer must take such action. If the Customer fails to do this, Company may take whatever additional action is deemed necessary, including the suspension of Service to protect its Services, equipment and personnel from harm.
