Granite Raises Funds for Diabetes Treatment and Prevention

(November 10, 2014)-Quincy, MA—Granite Telecommunications, LLC, a provider of communications solutions to businesses, raised **\$3,585** for Joslin Diabetes Center, an independent non-profit institution affiliated with Harvard Medical School. Joslin's mission is to prevent, treat and cure diabetes, with the ultimate goal of creating a diabetes-free world.

Joslin's efforts are global in scope and, after a century in operation, the institution has established itself as a world leader in diabetes research, prevention and treatment. Over 300 Joslin scientists are dedicated exclusively to diabetes research, converting new discoveries into treatment.

For more information about Joslin Diabetes Center, visit www.joslin.org.

About Jeans Day

Through weekly Jeans Days, held every Friday, Granite employees have the option to wear business casual attire or jeans with a donation of \$3 to the selected charity. Each week, the Granite Cares Committee, comprised of Granite employees, chooses a qualifying nonprofit organization nominated by other employees. Granite then matches the amount raised by employees.

About Granite

Granite provides voice, data and other related communications products and services to multi-location businesses throughout the United States and Canada. Granite furnishes services to more than three-quarters of the Fortune 100 companies in the United States, and has 1.3 million phone lines under management. Granite employs over 1,200 people at the company's headquarters in Quincy, MA and offices in Atlanta, GA, Miami, FL, New York, NY and Providence, RI. For more information, visit www.granitenet.com.
