

Granite and AT&T Extend Commercial Agreement

QUINCY, MA –October. 28, 2014 -- Granite Telecommunications, LLC, a provider of voice, data, networking, and other communications services, and AT&T have reached an agreement to extend their commercial agreement through 2017, thereby continuing the companies' longstanding relationship.

Granite CEO, President and Founder Rob Hale stated, "We could not be more pleased to continue our successful collaboration with AT&T. This extended agreement is great for both AT&T and Granite, but most important is the benefit for Granite's customers, who can count on receiving high quality communications products and services for many years to come."

"AT&T is committed to helping Granite and all of our wholesale customers succeed in their growth," said Rob Dapkiewicz, Vice President, Wholesale Sales, AT&T Services Inc. "We look forward to continuing our work with Granite to deliver industry-leading solutions to its customers."

Earlier this month Granite reached \$1 billion in annualized revenue. Granite has consistently grown by more than twenty percent per year by providing customized communications solutions to multisite businesses that include two-thirds of the Fortune 100.

About Granite

Granite provides voice, data and other related communications products and services to multi-location businesses and governmental agencies throughout the United States and Canada. Granite furnishes services to more than two-thirds of the Fortune 100 companies in the United States, and 1.3 million phone lines under management. Granite employs over 1,200 people at the company's headquarters in Quincy, MA and offices in Atlanta, GA, Miami, FL, New York, NY and Providence, RI. For more information, visit www.granitenet.com
