

Give back to your community.

For too many in Illinois, the cost to stay connected to family, emergency services, and employers is just too high. During the coronavirus pandemic, access to telephone and internet services became even more vital for persons with disabilities, senior citizens, and families with young children. You can help connect them to emergency help, care-takers, schools, and employers by contributing to the Universal Telephone Assistance Corporation (UTAC).

The UTAC Lifeline and Link-Up programs are funded entirely through voluntary donations.

These programs work with PCs for People and the federally-funded Lifeline program to help eligible people and families connect to telephone and internet services. Through these partnerships, low-cost electronic devices, internet, and telephone services are made available to people who would otherwise not be able to afford them.

It's easy to contribute. Simply fill out the form on the reverse side and indicate the amount you would like to give each month — 50 cents, \$1, \$2 or as much as \$5. That amount can be paid with your monthly telephone bill. Your contribution will be supplemented by federal funds and PCs for People funds to help provide phone or internet service to eligible individuals and families.

Please Help! Every contribution counts. You may also make a one-time donation.

Please Help! Please indicate the amount you would like to donate each month to help someone in Illinois obtain telephone service.

- YES.** I want to help! Please bill me monthly for contributions to the Universal Telephone Assistance Corporation in the amount shown below. I understand that I may change or discontinue my donation by giving 30 days advance notice. Donations can also be made through UTAC's website at www.linkupillinois.org/donate. **Note: One-time contributions are also welcome.**
