

FOR IMMEDIATE RELEASE – SEPTEMBER 5, 2012

GRANITE SHATTERS SALES RECORDS (AGAIN)

Granite Telecommunications, LLC, a provider of telecom and related communication and alarm services headquartered in Quincy MA, set new sales records for the month of August. The performance reset records that had been set just months earlier in 2012, and includes over 38,000 new local phone lines and over 25,000 new long distance lines for businesses located in the United States.

Apart from records sales of US-based phone lines, Granite also set new sales records for other operating units, including Granite's broadband business (which added 60 T-1s), structured cabling / inside wire (which grew to \$3.14 million in monthly revenue) and Canadian business lines (which exceeded 1,575 new phone lines). Granite rewarded all employees for their hard work and dedication with an extra paid day off, which most employees took the day before Labor Day weekend.

To handle the workload, Granite is aggressively growing its workforce. Granite currently employs over 900 and is looking to fill more than 125 new positions, including over 30 new sales positions.

Granite has grown from a start up in 2002 to now employing over 950 and has over 1.25 million phone lines for over 14,000 corporate customers throughout the United States and Canada.

"Thanks to the efforts and tremendous work of Granite employees, Granite remains on a roll," said Granite's Chief Executive Officer Rob Hale. "We look forward to rewriting those records again soon."
