Granite Supports Epilepsy Foundation

(March 10th)- Atlanta, GA—Granite Telecommunications, LLC, a provider of communications solutions to businesses, contributed **\$3,870.16** to the Epilepsy Foundation of Georgia. The Atlanta based foundation's mission is to find a cure and to overcome the challenges created by epilepsy. EFGA provides educational programs, support groups, emergency medication funding, and wide variety of services for individuals and families touched by epilepsy and seizure disorders.

The EFGA is well known for their annual Magnolia Run and their Taste of Love. This week employee Dan Pratt from Granite's Atlanta office identified this great cause. For more information, visit <http://www.epilepsyga.org/main>.

About Granite Telecommunications

Granite provides communications products to multi-location businesses throughout the United States and Canada. Granite's core services are local and long distance telephone services, which Granite centralizes and offers a single point of billing and contact for its customers over incumbent carrier networks. Granite offers an array of other communications products, including broadband data, network and voice services, inside wiring and alarm and security and monitoring installation and services. Granite furnishes services to more than two-thirds of the Fortune 100 companies in the United States, and 1.3 million phone lines under management. Granite employs over 1,100 people, most of whom work at its headquarters in Quincy, MA. For more information, visit www.granitenet.com.

About Jeans Day

Through weekly Jeans Days, held every Friday, Granite employees have the option to wear business casual attire or jeans with a donation of \$3 to the selected charity. Each week, the Granite Cares Committee, comprised of Granite employees, chooses a qualifying nonprofit organization nominated by other employees. Granite then matches the amount raised by employees.
