Granite Wins 2016 South Florida Top Workplaces Award

(June 24, 2016)-Quincy, MA— [Granite Telecommunications, LLC](#), a provider of communications solutions to businesses, has been named one of South Florida’s best places to work, according to the annual Sun Sentinel survey of top workplaces. The Top Workplaces lists are based solely on the results of an employee feedback survey administered by [WorkplaceDynamics, LLC](#), a leading research firm that specializes in organizational health and workplace improvement.

“The Top Workplaces award is not a popularity contest. And oftentimes, people assume it’s all about fancy perks and benefits,” says Doug Claffey, CEO of WorkplaceDynamics. “But to be a Top Workplace, organizations must meet our strict standards for organizational health. And who better to ask about work life than the people who live the culture every day — the employees. Time and time again, our research has proven that what’s most important to them is a strong belief in where the organization is headed, how it’s going to get there, and the feeling that everyone is in it together.” Claffey adds, “Without this sense of connection, an organization doesn’t have a shot at being named a Top Workplace.”

“Being named a Top Workplace in South Florida speaks to the quality of our team and the opportunities that they have created,” said Rob Hale, founder and CEO of Granite. “Our teammates in West Palm Beach have been a key part of Granite’s success since the company was founded in 2002, and they will continue to be integral to our success for years to come.”
